

Success Story of Project Completed for the Government

29 September 2005

Project Owner : Hong Kong Housing Authority

Project Name (in English) : The Link Management Limited – Implementation of Financial Information System

Project Name (in Chinese) : 領匯管理有限公司 - 財務資料系統之推行

Project Description :

To implement the Financial Information System by replication of the Housing Accounting and Financial Information System (HAFIS)

Means of Service Acquisition : Restricted Tender

Contractor Name : Fujitsu Hong Kong Limited

Subcontractor Name : Not Applicable

Project Commenced on : 1 March 2004

Project Completed on : 28 August 2004

The Link Management Limited will own and manage the commercial properties of Housing Authority. The Link Financial Information System was implemented using the same software as Housing Accounting and Financial Information System (HAFIS) that was built on Geac SmartStream Financial modules. In addition to implementation service, Fujitsu had supplied the hardware, system software and application software. The system runs on Fujitsu PRIMEPOWER on Solaris and Sybase Version 12.0.

The services covered hardware & software installation, user requirements confirmation, replication of the system from HAFIS, customization, installation test, system test, user acceptance test, implementation, rollout, nursing and support.

The systems used in The Link Management are Ledger, Payable, Receivables and Management Reports.
