Fujitsu Hong Kong has supplied 10 sets of Fujitsu GCR-8000W Standalone Cash Receipting Machine (SCRM). SCRM consists of the PC with smartcard as security key, Customer Display, Receipt Printer, Bar-code Scanner, and Fujitsu software Standalone Cash Receipting software. The machines are rolled out to 8 Marine offices in Hong Kong, Kowloon and New Territories. One server was installed for the consolidation of cash receipting transactions from all Marine offices.

We also developed Consolidation module to upload data from all Marine offices and provided the consolidation reports and also provided services in enhancement and customization to meet the requirement of the users. Other services include the end-user training, operator training and maintenance & support services.
