

# **Expert Group on Cloud Computing Services and Standards (EGCCSS)**

**Report of Progress of Work of the EGCCSS  
(Cloud Security and Privacy)**

**27 May 2014**

# Progress of Work on Cloud Security and Privacy

- Participated in and supported the International Conference on Information Security Standards held on 11 April 2014 during the SC 27 meeting period
- Arranging an information security round-table meeting on 19 June 2014 to explore ways of promoting standards adoption and assessment tools to the local industry. (*re para. 4 of notes of 5th EGCCSS meeting*)

# Progress of Work on Cloud Security and Privacy

- Relevant findings of cloud assessment tools and certification schemes were published on InfoCloud Portal for public reference on 29 April (*re para. 6 of notes of 5th EGCCSS meeting*)
- Three local industry players were invited to attend a meeting with the GD side in April on the pilot of a cloud security assessment and certification scheme, which is a collaboration initiative of the HK-GD Cloud Expert Committee. The tentative target is to complete the assessment and collection of user feedback within 2014.

**THANK YOU!**
