

Expert Group on Cloud Computing Services and Standards (EGCCSS)

**Report of Progress of Work of the EGCCSS
(Provision, Interoperability and Use of Cloud Services)**

27 May 2014

Progress of Work on Cloud Computing Interoperability/Portability

- A Technical Hands-On Session was held by Cyberport in mid May to introduce the features of their Community Cloud, covering the interoperability and portability aspects.
- OGCIO is exploring on the use of the Cyberport Community Cloud in developing one of our new services that will be ported to a public cloud environment.

Progress of Work on Cloud Computing Interoperability/Portability

- Two cases for experience sharing were posted on InfoCloud Portal in April:
 - Porting from IaaS to PaaS: Public Sector Information Portal
 - Porting IT system to Cloud : Cloud-enabled e-Procurement SaaS

Progress of Work on Provision and Use of Cloud Services

- The "Cloud Computing Success Stories Showcase" project of the HK Computer Society ("HKCS")
 - Produced Video showcases of success stories comprising interviews with 15 companies
 - Video clips were published on HKCS's website
 - InfoCloud Portal added a web page to introduce these deliverables and provide hyperlinks to HKCS's project website

Progress of Work on Provision and Use of Cloud Services

- The Practice Guide for Procuring Cloud Services was introduced at the “SME ICT Experience Day” event on 11 April, with about 250 participants from SMEs. The Practice Guide booklets were distributed to the participants.
- The Practice Guide booklets were also distributed to the audience of the “SME 2.6 Conference” and the “New Generation PC and Cloud Era Seminar” held on 15 and 16 April respectively.

Progress of Work on Provision and Use of Cloud Services

- Booklets of the Practice Guide for Procuring Cloud Services were sent to SME-related and IT-related associations and Government Public Cloud Service (GPCS) Providers. (*re para. 9 of notes of 5th EGCCSS meeting*)
- A team of students of the HK Design Institute developed the first-cut of online motion graphics video for promoting the Practice Guide.

THANK YOU!
