Expert Group on Cloud Computing Services and Standards (EGCCSS)

Progress Update on the Working Group on Provision & Use of Cloud Computing (WGPUCS)

23 May 2013

Discussion / Sharing since the 3rd EGCCSS Meeting

- Discussion / Sharing done on :
  - the drafting of the Practice Guide for Procuring Cloud Services and the promotion of it to the target groups;
  - the success stories collected from Government Public Cloud Services Providers ("GPCSPs") and the way to better present the success stories in the form of success stories interview video
  - the issues on soliciting and sharing on InfoCloud Portal the success stories from outside GPCSPs and the feasible ways to tackle them

PROGRESS OF THE WGPUCS

Deliverables	Achievements So Far	Act. /Planned Delivery Date
1. Practice Guide for Procuring Cloud Services containing Introduction and 8 Key Areas : • Service Cost • Service Level • On Boarding & Off Boarding • Service Operation • Service Commitments / Warranties • Data Ownership and Location and IP Ownership • Service Default • Contracting (Terms of Service)	✓ Members' contribution to the 8 key areas was completed. Comments from all members of the WGPUCS were collected and the Practice Guide has been finalised and published on InfoCloud Portal ✓ Chinese version of the Practice Guide was completed and published on InfoCloud Portal	15 Apr 2013 19 Apr 2013

PROGRESS OF THE WGPUCS

Deliverables	Achievements So Far	Act. /Planned Delivery Date
2. Recommended use cases on cloud computing and services	✓ 8 success stories were collected from 5 Government Public Cloud Services Providers. They have all been posted to InfoCloud Portal.	25 Jan 2013
	✓ 3 success stories interview video clips produced by the Cyberport have been posted to InfoCloud Portal.	15 Apr 2013
	✓ 4 success stories on the deployment and use of cloud services shared in the HK-GD Cloud Industry Collaboration Forum had been posted to InfoCloud Portal.	16 Apr 2013

PROGRESS OF THE WGPUCS

Deliverables	Achievements So Far	Act. /Planned Delivery Date
3. Measures to promote local awareness on cloud computing	✓ Participated in the HK-GD Cloud Industry Collaboration Forum which had success stories sharing and panel discussion for the cloud services providers and SME cloud consumers. Video clips for the presentations and panel discussions have been posted to InfoCloud Portal.	16 Apr 2013

Forthcoming Activities for WGPUCS

- Promote the Practice Guide for Procuring Cloud Services through various channels
- Share and exchange views with industry and professional bodies for wider adoption and improvement of the Practice Guide
- Continue to solicit success stories for sharing on InfoCloud Portal

THANK YOU!
