Super: Downloading Love - Walk Free

Long and Yi are on their way home. Long is about to hail a taxi but Yi stopped him.

Yi: Hey, what are you doing?

Long: Hail a cab of course!

Yi: Cab? It's only four blocks away. Let's just walk home!

Long: That's four full blocks! It's such a long way!

A bit grumpy, Long follows Yi. Yi is annoyed with Long's tardiness.

Yi: Come on. Hurry up!

Long's VO: This is my younger sister. We've been very close since we were young. She's a person of principles, and always does what she thinks is right... While walking down the back staircase in a building, Yi sees a man taking voyeuristic photos up a student's skirt with his mobile phone.

Yi: Hey, what are you doing?

Long's VO: ...Without thinking of the consequences.

Yi grabs the man from behind, trying to punch him.

Long's VO: She really enjoys sports though.

In the countryside, Yi opens the Country Park Tree Walks mobile app to search for information on tree walks.

Long's VO: Sometimes she will go and see the trees.

Yi opens the Fitness Walking app to measure her calories consumption.

Long's VO: Sometimes she will go fitness walking in one of the parks nearby.

Long's VO: She's always travelling around on her own, and that's what worries me most.

Yi is about to leave home, and right at that moment Long receives a notification.

The phone shows a Very Hot Weather Warning from GovHK Notifications.

Yi: Bro, I'm off now.

Long: Where are you going?

Yi: The weather's so nice. I'm off for a hike!

Long: A Very Hot Weather Warning's been issued. You shouldn't go!

Yi: Don't worry! It's fine. Bye.

Long: Hey, hold on!

Long opens the Enjoy Hiking app and registered for the Hiking Tracking Service.

Long: Just a moment. I'll go with you.

Yi: Come on, you're such a nag!

Long: Hey, wait!

Long and Yi arrive at the hiking spot. Long turns on the Hiking Tracking Service.

Long and Yi keep walking but Long falls behind.

Long: Are we done?

Yi ignores Long and keeps walking.

Long stops to open the Enjoy Hiking app on his phone to look for the route map.

Yi is a bit annoyed with Long falling behind.

Yi: Hurry up, Bro, come this way!

Long: Hey, don't walk so fast. Wait!

Yi: I told you not to come!

Yi slips and hurts her leg.

Yi: Ouch! My leg hurts!

Yi: I can't walk any further, Bro.

Long: Sit down here. Are you okay?

Yi: Luckily you've come along.

Long calls the police.

Long: My sister's hurt her leg while hiking... Yes, I've activated the Hiker Tracking Service. My phone number is...

(Ambulance siren from afar)

A few days later, Yi is getting ready to leave home, and Long appears right next to her.

Long: Where are you going again?

Yi: Don't worry. I'm going hiking with a bunch of friends this time. It's safer to hike with a group, right?

Long: That's good. The more the merrier too!

Yi: Uh, so can I leave now?

Long: Hold on, I still think it's safer if I go with you.

Long takes his mobile phone and backpack, and leaves home with Yi.

Long's VO: This is my sister. She's stubborn and capricious. But now she knows that she shouldn't go hiking alone. Government mobile apps are actually quite helpful. I think I should start to do more exercise now.
