

Consultation on the Standing Offer Agreement for Quality Professional Services (SOA-QPS)

- 1) The criteria and guidelines to fully meet “Proposal Compliance” needs clarification. e. g. Department specific or additional requirements like project references, professional staff qualifications, skills and working experience.
- 2) The guidelines for the cancellation or postponement of the award date and/or implementation start date of Work Assignment Brief should be available.
- 3) If there are unreasonable implementation schedule required by Departments, contractors should be allowed to counter propose implementation schedule.
- 4) Staff CV requirement by Department can sometimes be too “fine tuned” to a particular expertise that are generally not available in the market. This can cause non-compliance even though contractors may have tried their best efforts to source for such expertise in the market.
