

# Success Story of Project Completed for the Government

Date: 12 Jan 2017

**Project Owner:** Hong Kong Monetary Authority

**Project Name (in English):**

Setup the pre-run ETL as a preventive measure and health check before running the daily ETL.

**Project Name (in Chinese):**

**Project Description:**

Setup the pre-run ETL as a preventive measure and health check before running the daily ETL.

1. Enhance the system to support pre-run of ETL in DR site without affecting the performance of production EPSS.
2. Pre-run the ETL based on the latest production data
3. Alert IT operation if the pre-run cannot be completed within a period of time
4. Allow IT operation to suspend the scheduled ETL if the pre-run of ETL encountered problem.
5. Design and implement a web page displayed after user successfully login the BI system to alert end-users the scheduled ETL is suspended and the data is not the latest.
