

eElderly Radio API (Transcript)

eElderly is a dedicated website for elderly people.

It provides one-stop information on elderly services and products such as health care, learning, leisure activities, news and entertainment.

Family members, friends and carers can also log-on to learn how to help the elderly.

It's elderly-friendly and easy-to-use.

Visit the eElderly website at www.e123.hk. Going online is that easy!
